## **2015**

# **POLICE**

# **FIRE**

# ***ANNUAL REPORT***

## *Chief's Message*

*President Brandt, Members of the Village Board, Members of the Police Commission, Village Administrator Balcom, and the Citizens of the Village of Slinger.*

The Slinger Police Department continues to strive to deter crime, provide protection and enhance the quality of life in our village.

In 2015 the Slinger Police Department completed a seven week Citizens Police Academy. Ten individuals completed the course with instruction in areas ranging from OWI Laws to Simunition traffic stops. We will again in 2016 conduct another session with the hopes of having 12 participants.

Officers of this department attended informative and worthwhile training in 2015. Some of the training attended included firearms, sexual assault investigations, SIMS, and Taser updates.

We purchased our second Ford SUV which has proved to be a valuable piece of equipment for daily patrols and especially during the winter months with snow on the ground.

The number of complaints remained roughly the same as 2014 however we did deal with a few unusual incidents such as the "swatting" and heroin overdose death incidents. At this time both of those incidents remain active.

Once again, thank you for the continued support you have given us in 2015.

If you have any questions or concerns regarding this report please do not hesitate in contacting me at your leisure.

Respectfully submitted,

Dean A. Schmidt  
Chief of Police

## **MISSION STATEMENT OF THE SLINGER POLICE DEPARTMENT**

It is the mission of the Slinger Police Department to provide an environment of stability and security to the citizens of the Village of Slinger and all other individuals that are at any time within the boundaries of the Village. Department personnel will enforce Federal, State and Village laws and will perform functions designated by the Constitution of the United State, Wisconsin State Statutes and Village Ordinance. This mission will be accomplished by the effective performance of the following:

### **ENFORCEMENT DIVISION**

- ❖ Maintenance of law enforcement presence and availability 24 hours per day
- ❖ Insure orderly activity of the citizenry
- ❖ Protect life and property
- ❖ Participate in mutual aid
- ❖ Protect and ensure the rights of all citizens without bias as to religion, creed, color or ethnic origin
- ❖ Prevent criminal activity and juvenile delinquency
- ❖ Investigate all criminal acts and aggressively pursue and apprehend the perpetrators
- ❖ Provide a timely and rapid response to calls for service

### **ADMINISTRATIVE DIVISION**

- ❖ Provide for the timely service of official reports and documents
- ❖ Maintain all department records in accordance with Wisconsin State Statutes
- ❖ Provide certification and training to all police personnel
- ❖ Provide Community education relating to law enforcement activities
- ❖ Constantly increase and maintain department efficiency and effectiveness
- ❖ Comply with the open records law
- ❖ Maintain and protect confidential files
- ❖ Maintain computer operation and report generation

This mission statement is a reflection of the Slinger Police Department's philosophy that both divisions must interact positively for the benefit of the department as a whole. It also strives to maintain the spirit of teamwork and mutual cooperation.

## **2015 Police Commission Members**

**Ken Reiser-Chairman  
Year Re-Appointed-2013  
(3<sup>rd</sup> term)**

**Ken Leeson-Vice Chairman  
Year Re-Appointed-2013  
(3<sup>rd</sup> term)**

**Jim Courchane  
Year Re-Appointed-2012  
(3<sup>rd</sup> term)**

**Robert Reynolds  
Year Re-Appointed-2011  
(2<sup>nd</sup> term)**

**Robert Stuetngen  
Year Re-Appointed-2014  
(2<sup>nd</sup> term)**

**The Police Commission is comprised of five (5) members, three (3) of whom shall constitute a quorum for the transaction of any business at a meeting of the commission, with the Village President having the power to appoint the members in conformity with 2. 62.13(1), Wis. Stats.**

**All terms are for five (5) years but no Police Commission member may serve more than three consecutive, full five (5) year terms of office.**

**The Police Commission shall elect a Chairperson and Vice-Chairperson at the first meeting of the commission that occurs during the 3<sup>rd</sup> quarter and after January 1<sup>st</sup> of each year. The Chairperson and Vice-Chairperson shall hold office until his or her replacement is duly elected by the commission.**

**The Police Commission exercises the powers specified in s. 62.13 Wis. Stats.**

- Reid Interview & Interrogation
- Reid Interview & Interrogation Advanced

Sworn officers also received training and/or updates in CPR/AED/Bloodborne Pathogens, Taser Update, CIB MDT/MDC Recertification, and quarterly training for Firearms or Simunition training. CPR/AED/Bloodborne Pathogen updates are conducted by Instructor's Lieutenant Joel Schodron and Officer Lori Uttech. Taser Updates are conducted by Instructor Casey O'Hagan. Firearms and Simunition training is conducted by Instructor's Officer Eric Cook & Lieutenant Joseph Cashin.

## **PUBLIC RELATIONS**

Slinger Police Department officers are requested for special events or to give tours of the department throughout the year. Listed below are requests we fulfilled in 2015:

April 6<sup>th</sup> Badges, Bows & Arrows (Lt. Schodron)

April 8<sup>th</sup> Officer Friendly/Slinger Community Library (Officer Garro)

May 14<sup>th</sup> Law Enforcement Memorial (Officer Garro)

May 28<sup>th</sup> SES Third Grade Village Hall/DPW/PD Tours (Officer Sutter)

June 26<sup>th</sup> Cops & Bobbers (Officer Sutter)

July 21<sup>st</sup> through 26<sup>th</sup>, Washington County Fair LE Tent (Officers Sutter, Officer Gullickson and Administrative McNutt)

December 17<sup>th</sup>, Boy Scout Tour (Lt. Schodron)

Other events officers were requested for and were present at during the year include Slinger Speedway, High School dances, basketball and football games, High School & Middle School Graduations, Jaycees Haunted House, Spooky Slinger, Village wide Rummage, Memorial Day Parade & Homecoming Parade.

## **NOTABLE INCIDENTS/2015**

**ACCIDENTAL DEATH-** on January 30<sup>th</sup> at 4:42pm officers were dispatched to an address in the 400 block of Elm Street for a report of a 60 year old male having difficulty breathing. LifeStar personnel was on scene and rendering aid. Living saving measures were unsuccessful and the subject passed away. A death investigation was completed and it was determined that the subject had passed away due to prescription medication overdose.

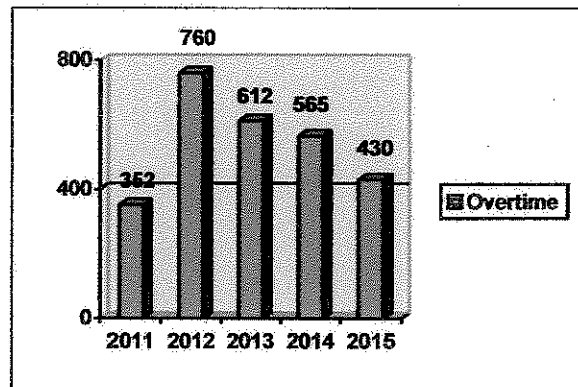

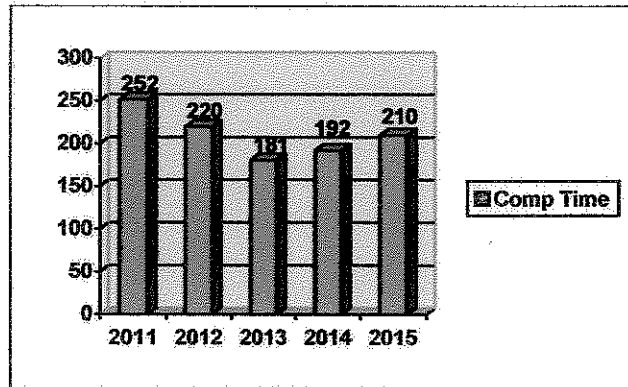

**FATAL CRASH-** on January 25<sup>th</sup> at 12:04am Officers were dispatched to the 600 block of E. Washington Street for a report of a vehicle crash. Officers found that a pick-up truck westbound on E. Washington Street at an excessive speed had left the road left and struck a telephone pole which landed on the roof of the truck causing fatal injuries to the 23 year old male driver. The Washington County Accident Reconstruction Team was requested to respond and through investigation determined the vehicle to be travelling between 77-83 miles per hour prior to impact. The driver of the vehicle had a Prohibited Alcohol Concentration of .215 at the time of the crash.

**HOUSE FIRE-** on April 6<sup>th</sup> at 11:32am Officers were dispatched to an address in the 500 block of Howard Avenue for a house fire with smoke and flames coming from the front window. Upon arrival of the officers they were able to determine that no one was home but the family dog was inside. The Slinger Fire Department brought the fire under control and removed the dog that had perished from smoke inhalation. The cause of the fire was investigated and determined to be electrical in nature. Damage was extensive and considered to be a near total loss.

**ACCIDENTAL DEATH-** on July 23<sup>rd</sup> at 9:34am Officers were dispatched to an address in the 100 block of Storck Street for a report of a possible heroin overdose death. Officers found a 28 year old male had overdosed and life saving measures by LifeStar were unsuccessful. This case remains active at this time.

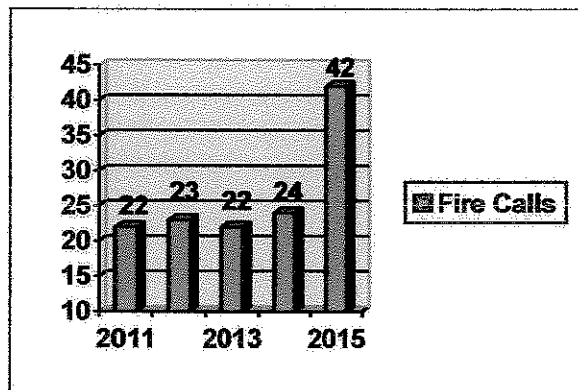

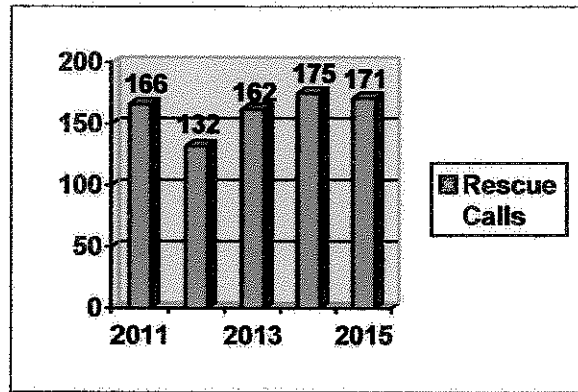

**SUSPICIOUS CIRCUMSTANCES-** on August 8<sup>th</sup> at 12:48am the Slinger Police Department received a call at the office wherein a male subject stated he had just shot his father. The caller indicated he was at an address in the 100 block of Nordic Way. Officers arrived at the residence to find nothing wrong at that location per the homeowner. Officers tracked names and responded to an address in the 100 block of Scenic Drive as the possible address. Officers made contact at this address and were told by the homeowner that everything was fine. Ultimately officers tracked down the suspected victim for this case and found that he was fine as well. Through investigation this was determined to be a "swatting" call and was a prank. This case remains under investigation.

# COMP TIME & OVERTIME

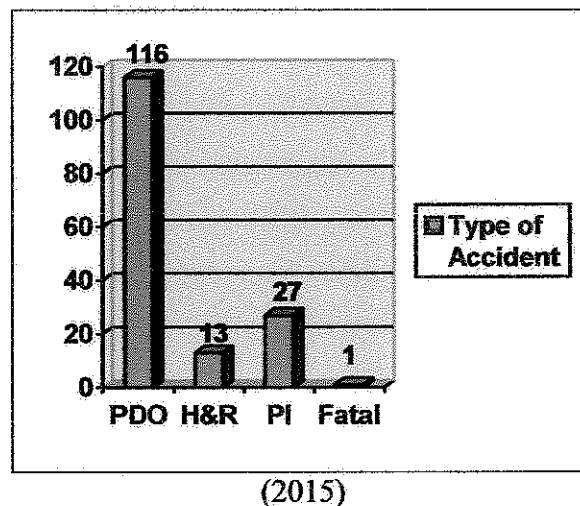

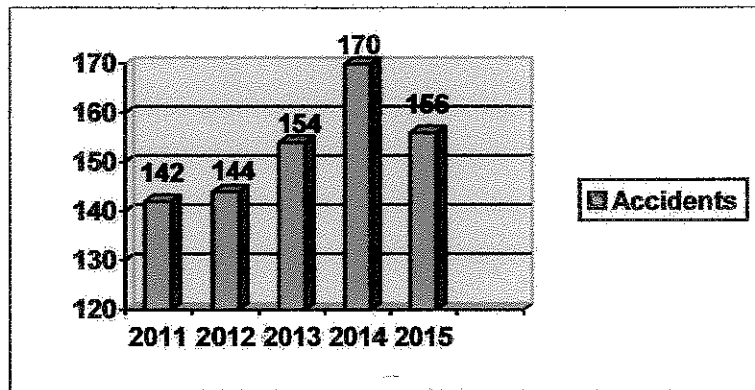

The department experienced a slight increase in officer comp time during this past year, while the overtime hours decreased. Officer requests such as the Haunted House and High School events are reimbursed by the requester annually.

## RESCUE AND FIRE CALLS

The volume of calls for rescue decreased slightly while the fire calls increased . Both rescue and fire calls represent a wide variety of assignments for an officer; none of these situations can be considered routine. It is important for officers to respond to these types of calls to assist both fire and rescue and provide scene security. In addition to the wide ranges of time needed to handle each call, they also require special training such as CPR and AED (defibrillator) courses. The department has two officers trained in fire and arson investigation as well as two CPR/AED Instructors.

# TRAFFIC ACCIDENTS

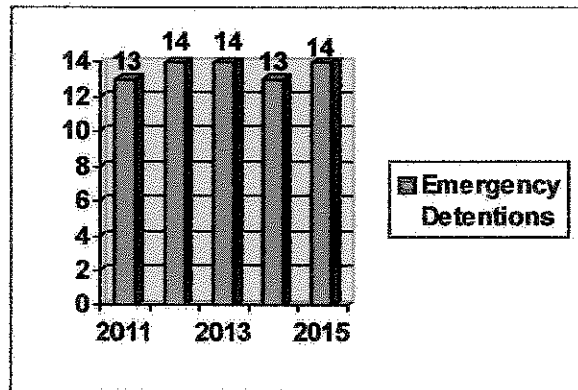

(2015)

PDO = Property Damage Only      H&R = Hit and Run      PI = Personal Injury

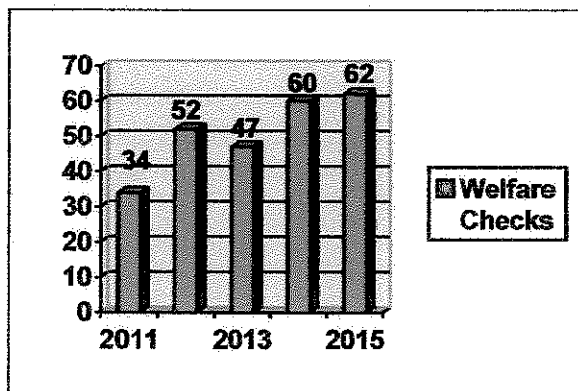

The Village wrote a total of 156 traffic accidents in 2015, which represents a decrease from the previous year. STH 60 East continues to be the busiest area in the village for accidents. Accidents are counted whether or not they occurred on the roadway or in a parking lot.

<u>Location</u>	<u># of Accidents</u>	<u>Accident Times/ #</u>

## EMERGENCY DETENTIONS & WELFARE CHECKS

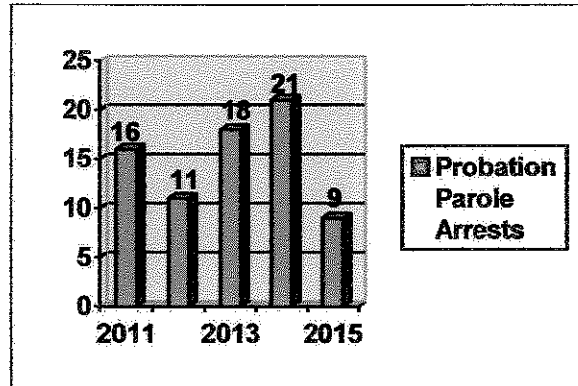

Emergency Detention calls are some of the most intense and stressful situations an officer encounters during the year. This category, besides addressing suicidal subjects, also covers subjects who were taken into custody under emergency detention due to extreme intoxication. Such a scenario can be extremely strenuous and requires a great deal of vigilance and caution. We have been working with Acute Care Services to avoid actual detentions for suicidal subjects. Acute Care sends a case worker to the scene and works with the individual. In such instances, we categorize the incident under "Welfare Check".

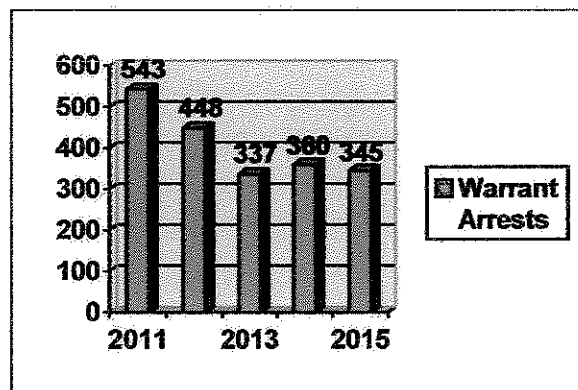

The department experienced an increase in welfare checks from the previous year.

## PROBATION/PAROLE ARRESTS WARRANT ARRESTS

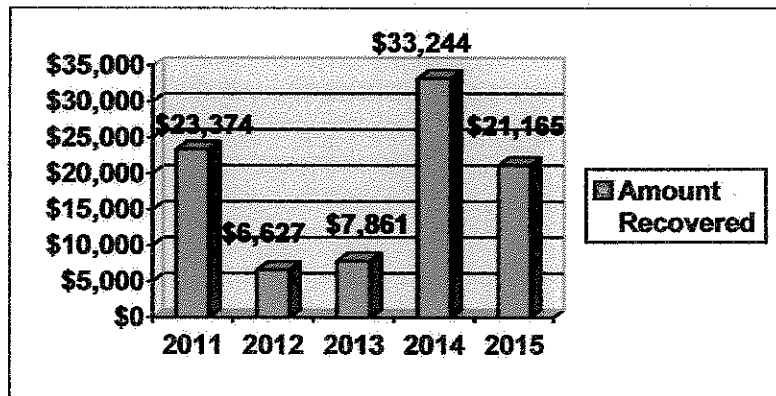

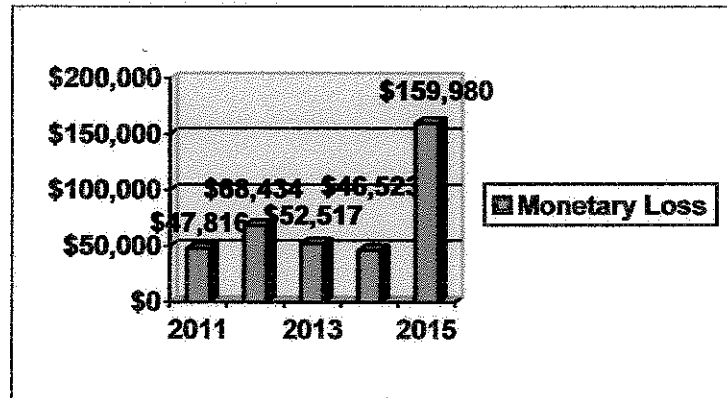

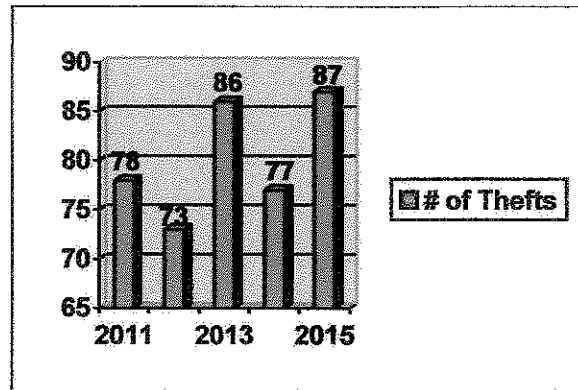

Probation & Parole arrests decreased in 2015. These are incidents in which a subject is arrested for a new offense unrelated to their probation or parole and as a result are placed back in confinement, but these arrests are tracked under the most recent complaint.

Warrant arrests decreased slightly in 2015. Warrant Officer Garro tracks the department's active warrants and continues to attempt to have people pay them without going to jail.

# THEFTS

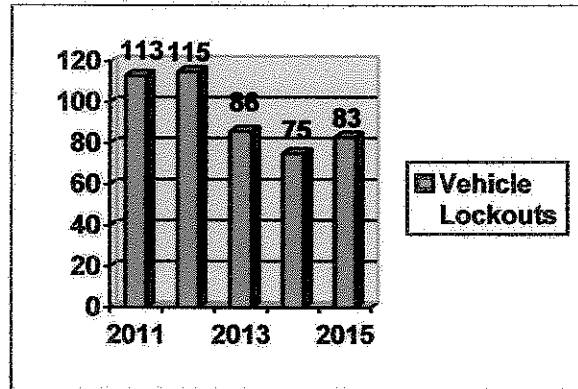

## **Theft/Burglary/Robbery in 2015**

The number of thefts increased while the number of burglaries decreased in 2015. The monetary loss was higher in 2015. The major portions of the loss were theft of jewelry at two residences and an RV from a business.

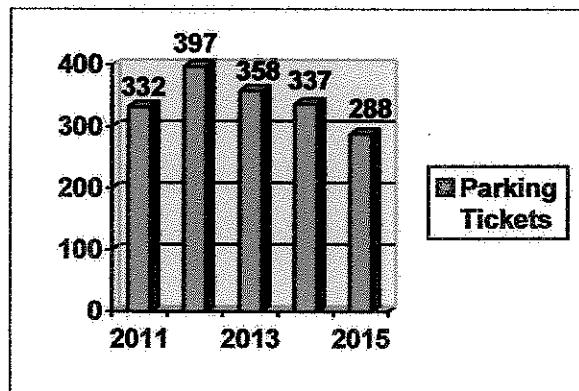

In 2015 we had six (6) burglaries and experienced zero (0) armed robbery.

In 2015 we experienced one stolen vehicle which was later recovered by the Butler Police Department. Prior to the vehicle being stolen the owner valued it at \$10,000 however the subject that stole it totaled it in a crash.

## VEHICLE LOCK-OUTS & PARKING TICKETS

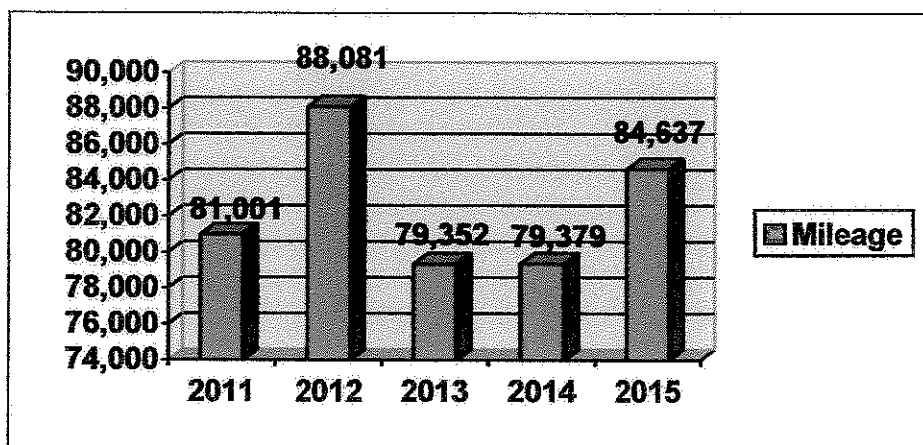

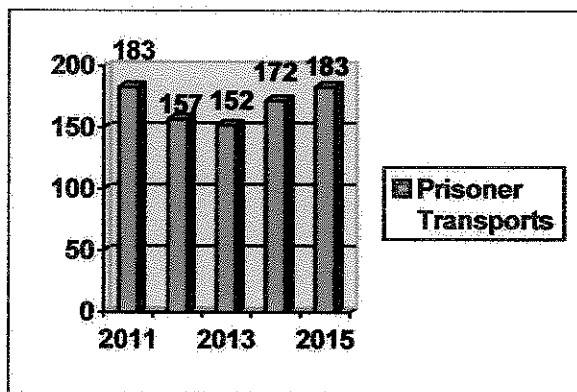

The number of vehicle lockouts increased slightly this past year. Many law enforcement agencies no longer perform this service, due to the issues concerning the risk of property damage and liability. Village residents and visitors who contact the department for assistance in this area are grateful that the service is still offered here. This is a very beneficial item when it comes to public relations.

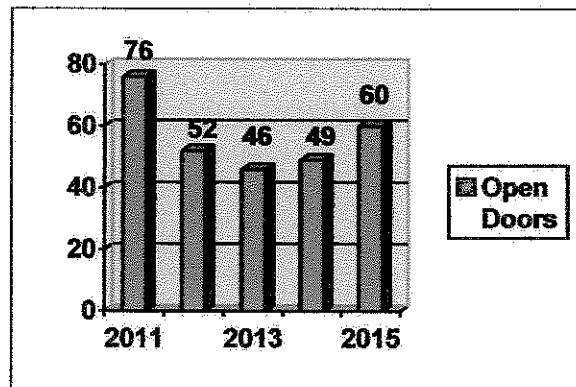

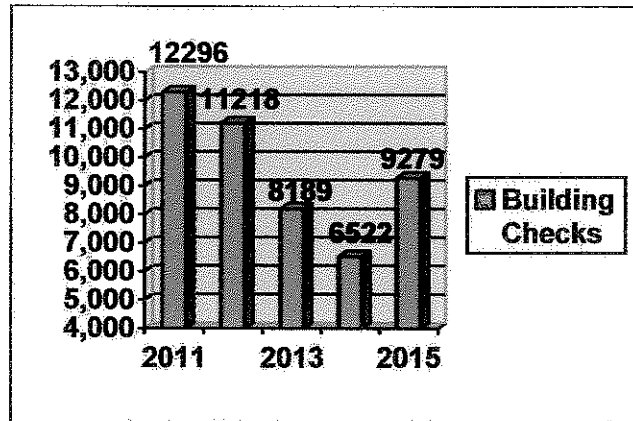

Parking tickets decreased over the past year. As in previous years, a large portion of tickets is the result of issues concerning parking at the high school and winter parking regulations.

## PRISONER TRANSPORTS & SQUAD MILEAGE

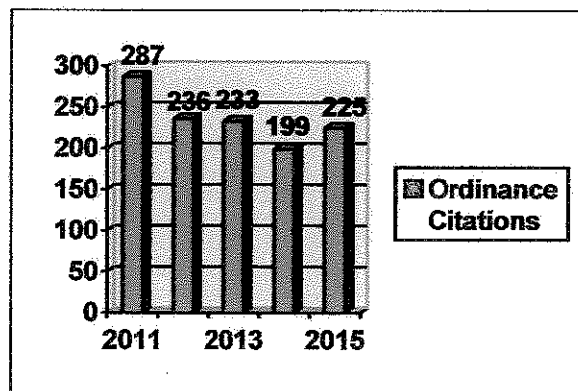

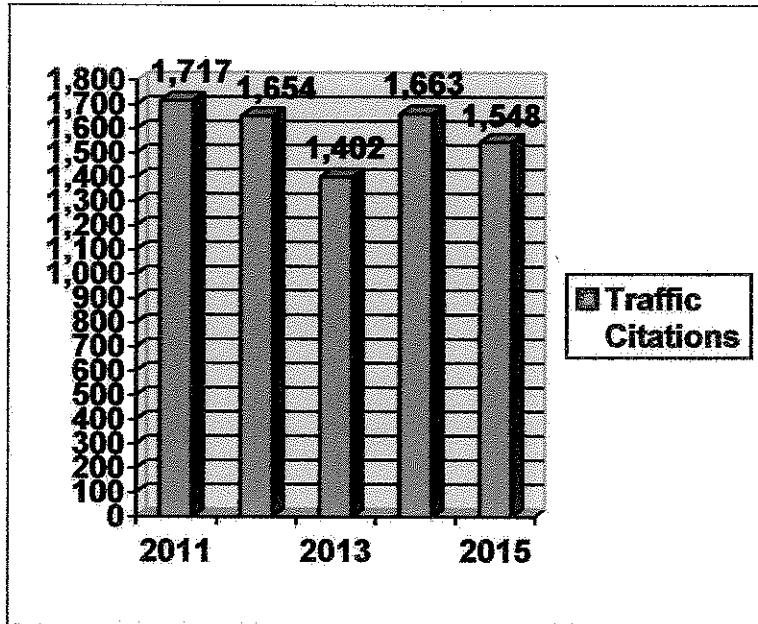

## BUILDING CHECKS & OPEN DOORS

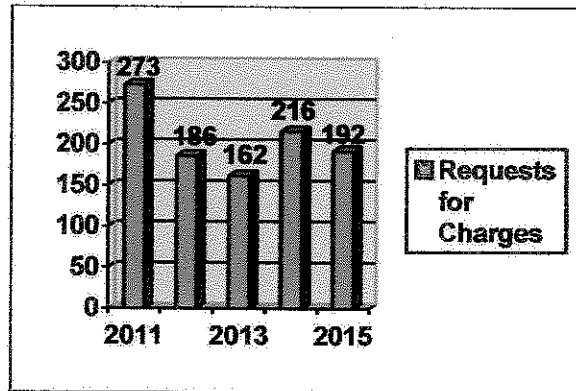

Officers are assigned an area to focus on for their shift. Officers requested this change as they felt it was easier to track and know that another officer didn't already cover the area. Building checks are an important tool for community relations and incident response time. The department also does "vacation checks" for residents; if someone goes on vacation, they notify us and we periodically check the exterior of the residence to make sure everything is ok. In 2015 we conducted 18 such residence checks.

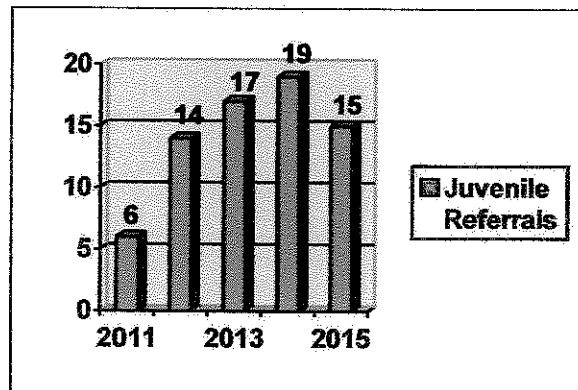

## TRAFFIC AND ORDINANCE CITATIONS

## REQUESTS FOR STATE CHARGES JUVENILE REFERRALS

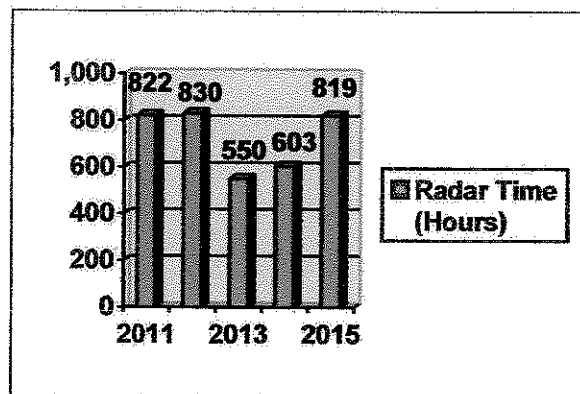

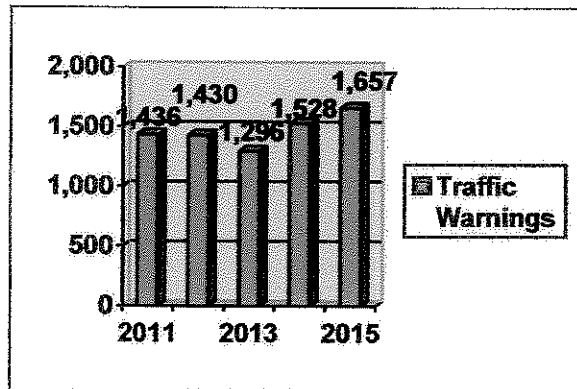

The largest single type of charge requested over the past year was for drivers operating after their licenses had been revoked (OAR). Following this were charges related to drivers operating while intoxicated (OWI). Any offense after first offense is considered criminal and results in a request for charges. Request for Charges happen when we ask the Washington County District Attorney's Office to charge a subject to be charged criminally, instead of a civil forfeiture.

Juvenile Referrals are similar to Requests for State Charges, involving subjects who are 16 years of age or younger. These charges are forwarded to the Juvenile Intake authorities instead of to the District Attorney's office.

## WRITTEN WARNINGS & RADAR TIME

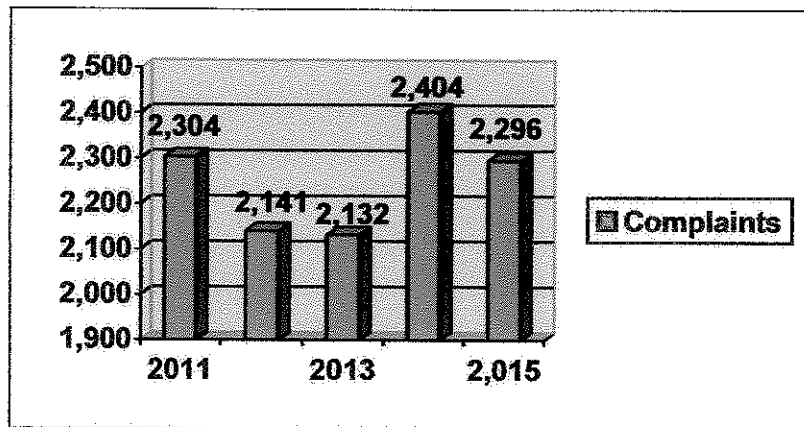

Written warnings are generally issued for minor speed infractions or various one-time problems, such as failing to dim headlights. 5-day warnings require some type of follow-up on the part of the driver and usually address mechanical or administrative defects. By grouping the two together, it is now documented as a traffic warning.

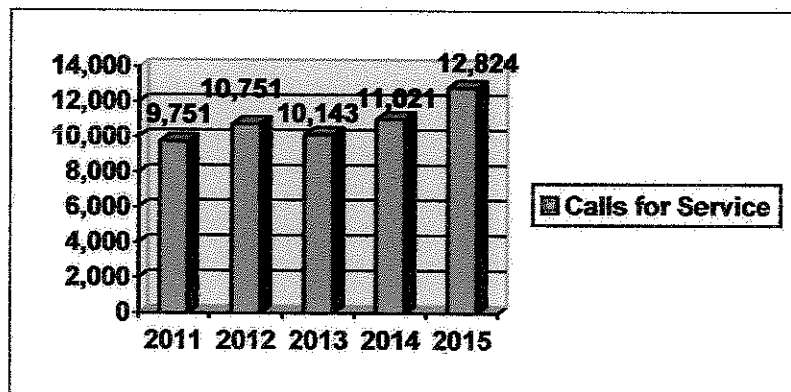

In 2015, officers spent roughly 800 hours running stationary radar in the village. We receive numerous requests every year from citizens, who want us to run radar in their neighborhoods. These requests take time so I felt it was necessary to start documenting time spent on this issue.

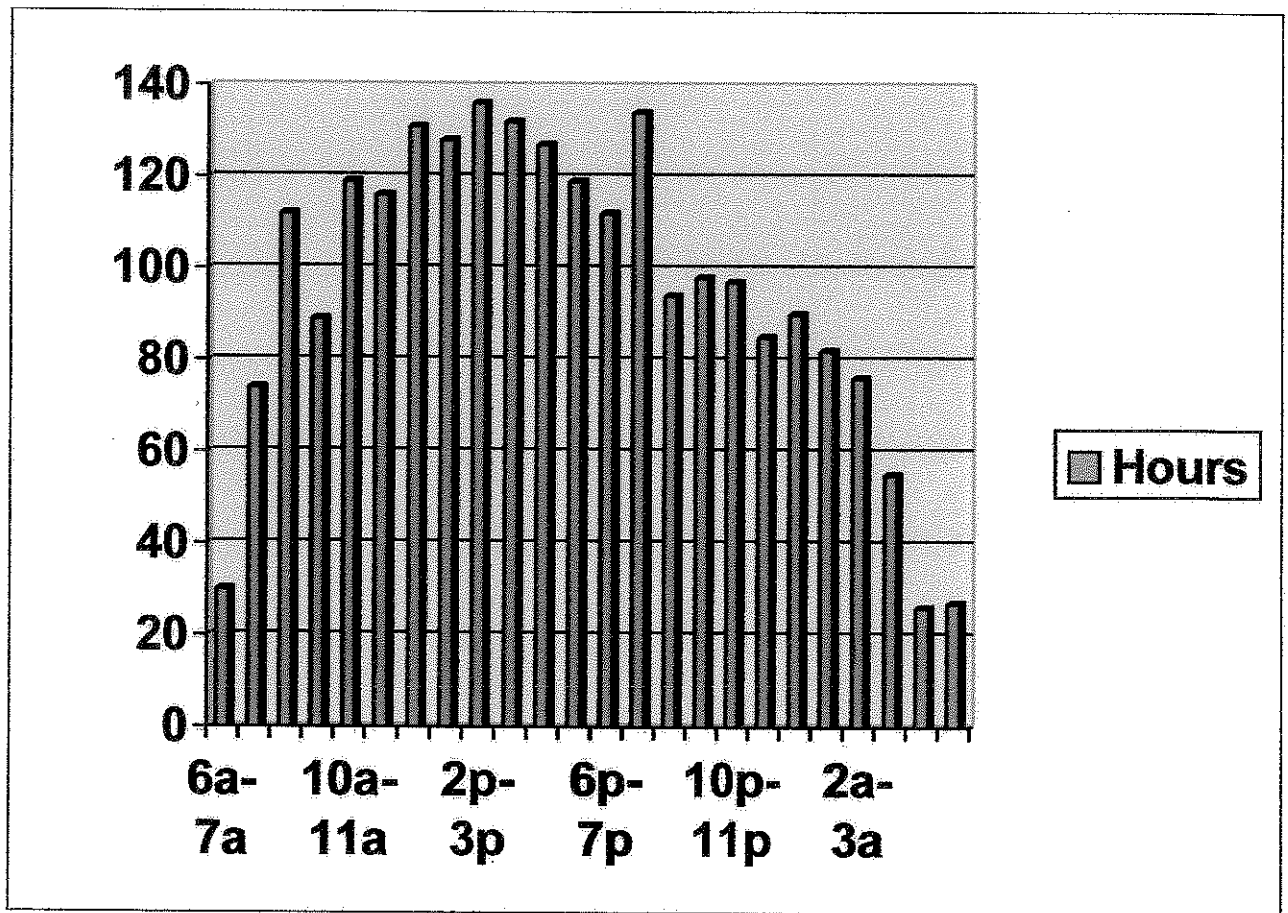

## COMPLAINTS AND CALLS FOR SERVICE

The department experienced a slight decrease in the volume of complaints in 2015.

Calls for service also increased over last year. Calls for service range from answering the phone, giving directions to a motorist as well as other community relations and other general requests for service that don't require a written report.
